TCRC GCA East and West

Sisters and Brothers,

## **RE: LOCOMOTIVE VIDEO VOICE RECORDING**

As you are aware the Company has issued a bulletin stating that they intend to use American CP Locomotives equipped with LVVR on Canadian lines. The position of the TCRC on this issue is the information recorded may not be accessed by the Company for any reason.

This is to inform you that we are presently reviewing this initiative with our legal department to address several issues that may arise from the use of LVVR. Once we have made a determination, we will advise you of the results.

In the meantime, if your locomotive is equipped with LVVR do not do anything to the equipment that can be considered as tampering of the device. If you are aware of any irregularities, please advise your respective Local Chairperson.

Thank you for your continued support.

Respectfully,

Dave Fulton  
General Chairman - CTY West

Greg Edwards  
General Chairman - LE West

Bruce Hiller  
General Chairman - CTY East

Benoit Brunet  
General Chairman - LE East
